

Bolivar Birds

We Love the Beach!

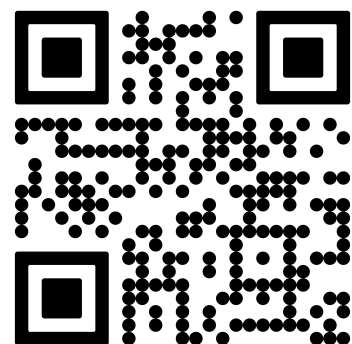

Bolivar Birds eat, sleep, and play on the beach too!

Here are some simple tips on **how to share the shore with beach nesting birds this spring:**

- * Fish, Swim, and Play from 50 Yards Away
 - * (50 yards equals 15 beach towels laid out end-to-end)
- * Keep your Pup on a Leash and Away from Birds
- * Pick up Trash
- * Dispose of Fishing Line

If everyone does these simple things, **#BolivarBirds** will continue to visit our beaches year after year!

Learn more about how you can **#SharetheShore** with beach nesting birds at **HoustonAudubon.org/BolivarBirds**
