

How and WHERE do I recycle this thing?

One of the greatest ways we can contribute to the successful recycling of materials is by knowing what materials can be recycled and where, as well as how to properly recycle things you can put in curbside as well as household hazardous materials (HHM), automotive waste like oil and batteries, and electronics.

Houston-Galveston Area Council Recycling info – not all centers are run by the municipality, always call first to see if there is a fee and what materials they take:

<https://recycleinfo.org/recycling-harris-county.html>

City of Houston curbside materials accepted: (they have started spot-checking recycling bins for inappropriate materials)

<https://www.houstontx.gov/solidwaste/recycling.html>

City of Houston neighborhood depositories for trash, recycling HHM, electronics – free for residents:

<https://www.houstontx.gov/solidwaste/depositories.html>

ALSO check out the ReUse warehouse to dispose of construction materials including things like sinks, lighting, mirrors which are still reusable.

<https://www.houstontx.gov/solidwaste/reuse.html>

City of Katy curbside materials accepted – Texas Pride Disposal is the company they use:

<https://www.texaspridedisposal.com/recycle.html>

City of Sugar Land curbside materials accepted:

<http://www.sugarlandtx.gov/DocumentCenter/View/4946/Recycleweb?bidId=>

Fort Bend County recycling center, including hazardous materials and electronics, fees for some materials:
