

# Bird-Friendly Spaces Actions

## 1. Create Inviting Habitat

- Install and maintain a water feature
- Plant native plants
- Remove invasive plants in space OR around space if indoor only
- Setup and maintain a bird feeder OR provide food for birds in a nearby space if indoor only
- Install and maintain nest boxes or natural nesting locations (i.e. snags)
- Volunteer at a native plant event

## 2. Connect with Others

- Current Houston Audubon member
- Educate others as a bird-friendly ambassador at school or work
- Contribute regularly to community science (eBird, iNaturalist, etc.)
- Participate in monthly bird surveys
- Attend a class on subjects like birding, bird-friendly communities, or native plants within the last year
- Join a bird-related social media group
- Volunteer at a bird-friendly organization

## 3. Limit Threats to Birds

- Avoid pesticides
- Buy bird-friendly items (coffee, rice, beer, etc.)
- Keep cats indoors
- Regularly clean up trash in my community
- Limit plastic use
- Turn off outdoor lights at night during migration season
- Prevent daytime window collisions with decals/film/screens/etc.
